Rules & Regulations

General
I declare to be aware of and will abide by the Rules of Tennis as approved by the International Tennis Federation, the Tennis Europe Junior Tour Rules and Regulations and the Tennis Europe Code of Conduct, as amended from time to time by Tennis Europe.

I agree that the personal data, which has been provided to Tennis Europe in connection with this entry, may be used for Tennis Europe communication purposes.

Notes: In submitting an entry online a player is considered to have agreed to be bound by the aforementioned rules.

IPIN requirements
To play in the Tennis Europe Junior Tour, players must have registered with the ITF for a Junior IPIN membership (International Player Identification Number). The player must also pay the annual IPIN fee, either by credit card during the registration process or during the annual renewal process for subsequent years. Alternatively players may choose to pay the IPIN fee at the first tournament they play.

Players will not be allowed to enter an event until the IPIN registration is complete and the payment option has been selected. Neither will a player be allowed to sign-in as an On-site Alternate or play as a Wild Card without having registered for an IPIN and paid the yearly IPIN fee.

Waiver of Claims
All players entering any Tennis Europe Junior Tour tournament agree, as a condition of their entry, that for themselves, their executors, administrators, heirs and personal representatives, all claims of any kind, nature and description are waived, including past, present or future against Tennis Europe, the tournament organizers and the National Association sanctioning such events.

Anti-doping Policies
All players entering any Tennis Europe Junior Tour events agree, as a condition of entry, to the following medical control.

Random doping control tests may be conducted at Tennis Europe Junior Tour events in accordance with Bye-law 8 of the Constitution of the ITF Limited.

Step 2:

Before continuing the Online Entry you will have to validate your IPIN account. Your IPIN Number will already be filled in for you but you will have to supply your IPIN Password yourself. Pressing the “Verify” button below the IPIN Password box will contact the ITF to retrieve your ITF Player data. If the IPIN Number box does not display an IPIN Number, then the account you are currently logged in with is not linked to any IPIN Number and you should contact Tennis Europe.

Enter IPIN

A valid IPIN Account is needed to enter this tournament. If no IPIN Number is shown you are not logged in with a Tennis Europe Account or your current Tennis Europe Account is not linked to a IPIN Number. You can request a IPIN account here: https://ipin.itftennis.com/index.asp?refererld=4. Afterwards, you will need to create a new Tennis Europe Account on this website. During the Tennis Europe Account Creation process you can validate and thereby link your IPIN Account to the new Tennis Europe Account.

Step 4:

Tournaments often have more than one event, and for Tennis Europe these events are split into age categories. The IPIN Player data we receive from the ITF is used to present the user with a list of eligible events for the tournament. This list is filtered for a user based on gender and birth date.
Step 5:

The final step in the Online Entry wizard will present you with information about your selected tournament and event. When a user has more than one entry for the same week they can assign priorities to their entries. This can also be done after completing the Online Entry by going to your profile (clicking your name in the top right corner of the website) and opening the “Online Entries” tab in your profile.

Your Online Entry will not be submitted and you will not be entered until you click the submit button to finish the Online Entry wizard.
