APPENDIX 3

MEDICAL, EXTREME WEATHER CONDITIONS AND TOILET/CHANGE OF ATTIRE BREAKS

MEDICAL

a. Medical Condition

A medical condition is a medical illness or a musculoskeletal injury that warrants medical evaluation and/or medical treatment by the Sports Medicine Therapist/Trainer (also known as the Primary Health Care Provider) during the warm-up or the match.

- Treatable Medical Conditions
  - Acute medical condition: the sudden development of a medical illness or musculoskeletal injury during the warm-up or the match that requires immediate medical attention.
  - Non-acute medical condition: a medical illness or musculoskeletal injury that develops or is aggravated during the warm-up or the match and requires medical attention at the changeover or set break.
- Non-Treatable Medical Conditions
Any medical condition that cannot be treated appropriately, or that will not be improved by available medical treatment within the time allowed.
- Any medical condition that has not developed or has not been aggravated during the warm-up or the match.
- General player fatigue.
- Any medical condition requiring injections, intravenous infusions or oxygen, except for diabetes, for which prior medical certification has been obtained, and for which subcutaneous injections of insulin may be administered.

b. Medical Evaluation
During the warm-up or the match, the player may request through the Chair Umpire for the Sports Medicine Therapist/Trainer to evaluate him/her during the next change over or set break. Only in the case that a player develops an acute medical condition that necessitates an immediate stop in play may the player request through the Chair Umpire for the Sports Medicine Therapist/Trainer to evaluate him/her immediately.
The purpose of the medical evaluation is to determine if the player has developed a treatable medical condition and, if so, to determine when medical treatment is warranted. Such evaluation should be performed within a reasonable length of time, balancing player safety on the one hand, and continuous play on the other. At the discretion of the Sports Medicine Therapist/Trainer, such evaluation may be performed in conjunction with the Tournament Doctor, and may be performed off-court.* If the Sports Medicine Therapist/Trainer determines that the player has a non-treatable medical condition, then the player will be advised that no medical treatment will be allowed.

c. Medical Time-Out
A Medical Time-Out is allowed by the ITF Referee or Chair Umpire when the Sports Medicine Trainer has evaluated the player and has determined that additional time for medical treatment is required. The Medical Time-Out takes place during a change over or set break, unless the Sports Medicine Trainer determines that the player has developed an acute medical condition that requires immediate medical treatment.
The Medical Time-Out begins when the Sports Medicine Trainer is ready to start treatment. At the discretion of the Physiotherapist/Sports Medicine Trainer, treatment during a Medical Time-Out may take place off-court, and may proceed in conjunction with the Tournament Doctor. The Medical Time-Out is limited to three (3) minutes of treatment. However, at non-professional events, the ITF Referee may extend the time allowed for treatment if necessary.
A player is allowed one (1) Medical Time-Out for each distinct treatable medical condition. All clinical manifestations of heat illness shall be considered as one (1) treatable medical condition. All treatable musculoskeletal injuries that manifest as part of a kinetic chain continuum shall be considered as one (1) treatable medical condition.
Muscle Cramping: A player may receive treatment for muscle cramping only during the time allotted for change of ends and/or set breaks. Players may not receive a Medical Time-Out for muscle cramping. In cases where there is doubt about whether the player suffers from an acute medical condition, non-acute medical condition inclusive of muscle cramping, or non-treatable medical condition, the decision of the Physiotherapist/Sports Medicine Trainer, in conjunction with the Tournament Doctor, if appropriate, is final. If the Sports Medicine Trainer believes that the player has heat illness, and if muscle cramping is one of the manifestations of heat illness, then the muscle cramping may only be treated as part of the recommended treatment by the Sports Medicine Trainer for the heat illness condition.
Note: A player who has stopped play by claiming an acute medical condition, but is determined by the Sports Medicine Trainer and/or Tournament Doctor to have muscle cramping, shall be ordered by the Chair Umpire to resume play immediately.
If the player cannot continue playing due to severe muscle cramping, as determined by the Sports Medicine Trainer and/or Tournament Doctor, he/she may forfeit the point(s)/game(s) needed to get to a change of ends or set-break in order to receive treatment. There may be a total of two (2) full change of ends or set-break treatments for muscle cramping in a match, not necessarily consecutive.

If it is determined by the Chair Umpire or ITF Referee that gamesmanship was involved, then a Code Violation for Unsportsmanlike Conduct could be issued. A total of two (2) consecutive Medical Time-Outs may be allowed by the ITF Referee for the special circumstance in which the Sports Medicine Trainer determines that the player has developed at least two (2) distinct acute and treatable medical conditions. This may include: a medical illness in conjunction with a musculoskeletal injury; two or more acute and distinct musculoskeletal injuries. In such cases, the Sports Medicine Trainer will perform a medical evaluation for the two or more treatable medical conditions during a single evaluation, and may then determine that two consecutive Medical Time-Outs are required.

d. **Medical Treatment**
A player may receive on-court medical treatment and/or supplies from the Sports Medicine Therapist/Trainer and/or Tournament Doctor during any changeover or set break. As a guideline, such medical treatment should be limited to two (2) changeovers/set breaks for each treatable medical condition, before or after a Medical Time-Out, and need not be consecutive. Players may not receive medical treatment for non-treatable medical conditions.

e. **Penalty**
After completion of a Medical Time-Out or medical treatment, any delay in resumption of play shall be penalized by Code Violations for Delay of Game. Any player abuse of this Medical Rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.

f. **Bleeding**
If a player is bleeding, the Chair Umpire should stop play as soon as possible, and the Sports Medicine Therapist/Trainer should be called to the court by the Chair Umpire for evaluation and treatment. The Sports Medicine Therapist/Trainer, in conjunction with the Tournament Doctor if appropriate, will evaluate the source of the bleeding, and will request a Medical Time-Out for treatment if necessary.
If requested by the Sports Medicine Therapist/Trainer and/or Tournament Doctor, the Referee or Chair Umpire may allow up to a total of five (5) minutes to assure control of the bleeding.
If blood has spilled onto the court or its immediate vicinity, play should not resume until the blood spill has been cleaned appropriately.

g. **Vomiting**
If a player is vomiting, the Chair Umpire should stop play if vomiting has spilled onto the court, or if the player requests medical evaluation. If the player requests medical evaluation, then the Sports Medicine Therapist/Trainer should determine if the player has a treatable medical condition, and if so, whether the medical condition is acute or non-acute.
If vomiting has spilled onto the court, play should not resume until the vomit spill has been cleaned appropriately.

h. **Physical Incapacity**
During a match, if there is an emergency medical condition and the player involved is unable to make a request for a Sports Medicine Trainer, the Chair Umpire shall immediately call for the Sports Medicine Trainer and Tournament Doctor to assist the player. Either before or during a match, if a player is considered by the Tournament Doctor and/or Sports Medicine Trainer to be unable physically to compete, or poses a
sufficiently serious health risk to other players, officials or Tournament staff, the Sports Medicine Trainer and/or Tournament Doctor should inform the ITF Referee and recommend that the player is ruled unable to compete in the match to be played, or retired from the match in progress. The ITF Referee shall exercise discretion before taking any action under this rule, and should base the decision on the best interests of the player and the sport, as well as taking all medical advice and any other information into consideration.

As a precondition to returning to competition, whether at the same or subsequent event, players who have been ruled ineligible to compete under this rule may be required to provide evidence (whether medical or otherwise) that they are physically capable of competing and/or that they pose no health risk to other players, officials or Tournament staff. All such evidence shall be subject to approval by the ITF Referee, in conjunction with the Tournament Doctor and/or the ITF Sport Science & Medicine Commission. Subject to any other restrictions on participation, a player who has been ruled unable to compete under this rule may subsequently compete in another event at the same tournament, whether on the same or a subsequent day, provided that the Tournament Doctor determines that all preconditions for returning to competition have been met. If this rule is applied in a nation where it is inconsistent with the national law, then the national law will prevail.

**EXTREME WEATHER CONDITIONS**

**a. Definitions**

*Extreme Heat Condition: Modification of Play*

Extreme Weather Conditions shall be defined as when the Heat Stress Index (Wet Bulb Globe Temperature (WBGT) Index) meets or exceeds 30.1°C/86.2°F. If the WBGT cannot be measured, then the Heat Index should be calculated using the chart below, and Extreme Heat Condition: Modification of Play criterion is defined as when the Heat Index meets or exceeds 34.0°C (93.2°F).

*Extreme Heat Condition: Suspension of Play*

Extreme Heat Condition: Suspension of Play criterion is defined as when the WBGT on court meets or exceeds 32.2°C (90.0°F). If the WBGT cannot be measured, then the Heat Index should be calculated using the chart below, and Extreme Heat Condition: Suspension of Play criterion is defined as when the Heat Index meets or exceeds 40.1°C (104.2°F).

**b. Measurement Procedure**

The WBGT or Heat Index should be measured at least three (3) times daily by the Tennis Europe Referee or his/her designee. Ideally, measurements should be taken every two (2) hours, but a minimum three (3) readings should be taken at the following times:

i. 30 minutes before match play begins;

ii. Middle of the scheduled day’s play; and

iii. Just prior to beginning the last match of the day, or just prior to the start of the first evening session match.

The WBGT or Heat Index also should be measured under the following circumstances:

(a) Following any suspension of play; and

(b) At the discretion of the Tennis Europe Referee, in consultation with the Tournament Doctor and/or Sports Physiotherapist.

Details on the measurement of WBGT and Heat Index are provided in the current edition of the ITF Guide to Recommended Health Care Standards for Tennis Tournaments.

**c. Extreme Heat Condition: Modification of Play**

When the Extreme Heat Condition – Modification of Play criterion is met before the start or resumption of a match, the procedures set out below in sub-section (d) should be followed. For the avoidance of doubt, the Tennis Europe Referee has the discretion to apply the procedures set out in sub-section (d) at a WBGT or Heat Index below the Extreme Heat Condition: Modification of Play criterion, if in his or her opinion it is required in the safety and wellbeing of players, officials, spectators or others.

If there is a change in weather conditions and the Extreme Heat Condition: Modification of Play criterion is met while a match is in progress, as determined by the periodic monitoring set out above in sub-section (b), the procedures set out below in sub-section (d) should be followed on all courts, including matches already in progress. Once notified that the Extreme Weather
Condition: Modification of Play criterion is met, the Chair Umpire must inform the players at the next change of ends or set break.

If there is a change in weather conditions and the Extreme Heat Condition: Modification of Play criterion is no longer met, as determined by the periodic monitoring set out above in sub-section (b), those matches already in progress should continue to follow the procedures set out below in sub-section (d) until they are completed or suspended.

d. Modification of Play Procedures (Singles & Doubles)

A 10-minute break will be allowed between the second and third sets (in a best of 3 sets match) if one or more of the players requests such a break. If neither/none of the players requests such a break, then play will continue.

However, if a match has already resumed following the suspension of play and one set was completed before the suspension of play (in a best of 3 sets match), the 10-minute break will no longer be available, unless otherwise decided by the Tennis Europe Referee.

The Tennis Europe Referee, in consultation with the Tournament Doctor/Sports Physiotherapist, may choose to delay the starting time for matches until such a time as the Extreme Heat Condition: Modification of Play criterion is no longer met.

i. During the 10-minute break:

   a. No coaching is allowed.

   b. A Medical Evaluation, Medical Time-Out or Medical Treatment is not allowed, unless approved by the Tennis Europe Referee. This would normally be restricted to requests for the Tournament Doctor/Sports Physiotherapist that are made on-court to the Chair Umpire, or were already agreed before the end of the second set (in a best of 3 sets match). However, a player is allowed to receive an adjustment of medical support, medical equipment and/or medical advice from the Tournament Doctor/Sports Physiotherapist during the 10-minute break.

ii. Immediately following the 10-minute break:

   a. Any delay in resumption of play will subject a player to Time Violations (Warning, Point Penalties only apply).

   b. No re-warm up is allowed.

   c. A player is not allowed to receive a Medical Evaluation, Medical TimeOut or Medical Treatment, unless approved by the Tennis Europe Referee.

iii. Consecutive Breaks

An Extreme Weather Condition: Modification of Play 10-minute break and a Bathroom/Change of Attire break cannot be taken consecutively.

e. Extreme Heat Condition: Suspension of Play (Singles and Doubles)

When the Extreme Heat Condition: Suspension of Play criterion is met before the start or resumption of a match, the start or resumption of play should be suspended until Extreme Heat Condition: Suspension of Play criterion is no longer met. If a game is in progress when the Extreme Heat Condition: Suspension of Play criterion is met, play should be suspended at the
end of that game. Once the Extreme Heat Condition: Suspension of Play criterion is no longer met, the Tennis Europe Referee should give the players reasonable notice of the time at which play will resume. For the avoidance of doubt, the Tennis Europe Referee has the discretion to suspend play at a WBGT or Heat Index below the Extreme Heat Condition: Suspension of Play criterion, if in his or her opinion it is required in the safety and wellbeing of players, officials, spectators or others.

**e. Lightning**

The Tennis Europe Referee or his/her designee is responsible for monitoring the local weather for lightning. The Tennis Europe Referee has the authority to suspend play when a thunderstorm appears imminent (for instance if lightning is sighted and thunder occurs in 30 seconds or less). Everyone on-site should be advised to seek appropriate shelter immediately. Play should not resume until the likelihood of a lightning strike has passed (as a guideline, at least 30 minutes after the last lightning strike is seen and the last sound of thunder is heard). Additional information on thunderstorms and lightning is provided in the ITF Guide to Recommended Health Care Standards for Tennis Tournaments.

**TOILET /CHANGE OF ATTIRE BREAK**

A player is allowed to request permission to leave the court for a reasonable time for a toilet break / change of attire break (girls matches).

Toilet breaks should be taken on a set break. Change of attire breaks (girls’ matches) must be taken on a set break.

In girls’ singles events, a player is entitled to one (1) break during a match. In boys’ singles events, a player is entitled to one (1) toilet break.

In a doubles match, and in any singles matches played with a reduced format of two tiebreak sets and a match tiebreak, a toilet break/change of attire break is not permitted before the match tiebreak.

In a doubles match, each team is entitled to two (2) breaks. If partners leave the court together, it counts as one (1) break. If only one player leaves the court, it also counts as one (1) break. These breaks may be taken for toilet visits, change of attire (girls’ matches), or both, but for no other reason whatsoever.

Any time a player leaves the court for a toilet/change of attire break, it is considered one of the authorised breaks regardless of whether or not the opponent has left the court. Any toilet/change of attire break taken after a warm-up has started is considered one of the authorised breaks. Toilet breaks taken not on a set break will be authorised, but will be penalised in accordance with the point penalty schedule if the player is not ready to play within the allowed time. The ITF/Tennis Europe Referee shall have the authority to deny a player permission to leave the court during a match for a toilet and/or change of attire break if it is interpreted by the ITF/Tennis Europe Referee as gamesmanship and/or flagrant abuse of the Rules. A player should not take a toilet/change of attire break and a medical time out consecutively unless approved by the ITF/Tennis Europe Referee. A player may change her attire during a toilet break.

Any player abuse of this rule will be subject to penalty in accordance with the Unsportsmanlike Conduct section of the Code of Conduct.
APPENDIX 4
